

Doc. dr sci. med Tomislav Pejčić

Biografski podaci

Dr Tomislav (Predrag) Pejčić je rođen 1962. godine. Oženjen je, otac dvoje dece. Godine 2021. je izabran u zvanje docenta na Univerzitetu u Beogradu- Medicinski fakultet, za užu naučnu oblast Hirurgija sa anesteziologijom (urologija). Godine 2011. je izabran u zvanje naučnog saradnika u oblasti medicinskih nauka, na osnovu predloga Nastavno-naučnog veća Medicinskog fakulteta u Beogradu.

Doktorsku tezu je odbranio 2009, a magistarsku 2004, na Medicinskom fakultetu Univerziteta u Beogradu. Dr Pejčić je delegat Urološke klinike Kliničkog centra Srbije pri Srpskom lekarskom društvu i sekretar Odbora za tumore urogenitalnog trakta Srpske akademije nauka i umetnosti. Od 1996. je član Evropskog udruženja urologa, a od 1990. je član Urološke sekcije Srpskog lekarskog društva.

Dr Pejčić je prvi autor, korespondirajući autor, ili koautor u 27 radova indeksiranih na JCR listama, kao i u 48 radova u časopisima koji se nalaze u bazi podataka „Medline“. Autor je tri monografije i 12 poglavlja u knjigama ili udžbenicima. Bio je predavač po pozivu i imao je značajna izlaganja, gde je izneo rezultate rada u oblasti benigne hiperplazije prostate, karcinoma prostate, karcinoma mokraćne bešike, kao i radova iz oblasti andrologije, na brojnim skupovima i simpozijumima u zemlji i inostranstvu reprezentujući Medicinski fakultet i Kliniku za urologiju KCS.

Dr Tomislav Pejčić je napravio značajan naučni doprinos na polju dijagnostike bolesti prostate, naročito u oblasti primene tumorskih markera prostate, iz koje je održao brojna predavanja u zemlji i inostranstvu i objavio pionirske radove u svetskim časopisima. Istraživanja na polju uticaja tkivnih hormona na razvoj bolesti prostate, koja su objavljena u vodećim svetskim časopisima predstavljaju originalan doprinos u objašnjenju nastanka bolesti prostate. Pored toga, bavi se praktičnim i naučnim radom i hirurškim lečenjem širokog spektra uroloških oboljenja, kao što su bolesti bubrega, mokraćne bešike, prostate, penisa i testisa.

Dr Pejčić je jedan od pionira uvođenja transrektalnog ultrazvuka (TRUS) i TRUS-vođene biopsije prostate, kao i jedan od prvih urologa koji su započeli radikalno hirurško lečenje karcinoma prostate. Dr Pejčić je organizovao i održao dva programa kontinuirane medicinske edukacije na Medicinskom fakultetu u Beogradu: Simpozijum “Andropauza i deficit testosterona”, jun 2017. godine i “Procena rizika za izvođenje radikalnih hirurških procedura u urologiji”, oktobar 2013. Godine.
